Training Partners

For businesses in southwestern Manitoba, local, regional, provincial, and federal partners provide training and workforce development support. These organizations provide entrepreneur training, management development, succession planning, employee skills training, digital adoption support, export readiness training, and industry-specific education.

Community Futures Westman
Community Futures Westman helps entrepreneurs and business owners start, purchase, expand, and strengthen their businesses. The organization provides guidance on business planning, management practices, and day-to-day operations, and offers access to workshops, training opportunities, and one-on-one support. Its services help business owners build knowledge, improve skills, and make informed decisions as their businesses grow.

Manitoba Sector Councils

Manitoba Sector Councils help businesses access industry-specific training, skills development opportunities, and workforce information. Their services help employers develop their workforce, understand labour market trends, and identify training and certification opportunities relevant to their industry.

Examples include:

- Manitoba Tourism Education Council
- Manitoba Environmental Industries Association
- Manitoba Food Processors Association
- Manitoba Construction Sector Council

Access is typically coordinated through Manitoba Economic Development.
