

Code of Ethics

A trusted process for resolving Code of Ethics concerns with integrity and transparency.

When concerns arise, municipalities need a process they can trust. Matthewson & Co. provides professional, third-party Code of Ethics investigations to ensure complaints are handled objectively, thoroughly, and in line with legislative and procedural requirements. Our structured approach protects all parties involved while giving Council the clarity and confidence needed to make informed decisions.

We bring a practical, unbiased perspective—helping you manage sensitive situations with integrity, transparency, and professionalism. Work with us to ensure your municipality is protected and your process is sound.
